

2025 Legislative Session | KPERS Bill Recap

House Bill 2008: Security Officer Definition

Where It's At

Quick Look

HB 2008 adds juvenile corrections officers to the definition of security officer for the purposes of coverage in the KPERS-Correctional retirement plan.

Hearings

No hearings scheduled.

The Fine Print

The KPERS-Correctional group is a subset of the KPERS 2 plan. The Correctional group covers corrections officers and other positions with inmate contact at adult correctional facilities. KPERS-Correctional members have the same benefit calculation as KPERS 2, but with earlier normal retirement rules.

The Kansas Department of Corrections has already included juvenile corrections officers in the KPERS-Correctional plan based on other statutes. HB 2008 will have no impact on the current administration of benefits for any member.
